## Innovative and successful

Health is more than a specialist discipline – which is why all the departments at Asklepios work together in a cross-disciplinary way – with the medical experience and expertise of our clinic and the whole Asklepios Group. More than 160 facilities belong to Asklepios, with around 26,500 beds and 43,000 employees. This makes our German family-run company the largest private chain of hospitals in Europe. Consequently prestigious specialists from all over Germany work closely together with our departments – for the good of our patients.

## Relaxed and elegant

We care for you in all respects so that, as a patient, you also feel like a hotel guest.

Our maxim is "what is good for your soul is also good for your body". With this in mind, we feel sure that the style and discerning atmosphere of our comfort clinic also contributes to your recovery in an agreeable way.

We look forward to personally showing you round our modern comfort clinic. So make an appointment with us – and come to our clinic to see for yourself how capable we are. Our doctors, our nursing team and our service personnel would like you to get better again as fast as possible.

# Come and see for yourself

# Tailor-made for your recuperation and rest

Our location is unique: A historic island with unmistakable charm, surrounded by a crystal-clear lake and lush green countryside. And a chain of usually snow-covered mountains raises itself in the background.

Pleasure boat trips will take you on excursions across the lake to the flower-bedecked island of Mainau and to the Rheinfall waterfalls in Schaffhausen. Plan an excursion to the nearby Alpine countries of Switzerland or Austria with attractions such as the Appenzeller Land and the eagle observatory on the Pfänder Mountain. Discover the special attraction of the Dornier Museum and the Zeppelin Museum in Friedrichshafen or the rustic charm of the Hops Museum in Tettngang. Enjoy the atmosphere on a stroll through the historic district of Lindau on Lake Constance or experience the Bregenz Festival in high summer – a special event by the lake.

Each breath contributes to recovery here.
